

Global Prostate  
Solutions

# Prefilled Syringe with Ultrasound Gel

Global Prostate  
Solutions

**BIOPSY KIT**

[www.globalprostatesolutions.com](http://www.globalprostatesolutions.com)

# Prefilled Syringe with Ultrasound Gel

Medium for diagnostic ultrasound ensuring clear imaging by eliminating air gaps and enhancing sound transmission. Non-irritating, safe, and easy to apply.

## Key Features

- ▶ Optimal acoustic transmission
- ▶ Enhances diagnostic precision
- ▶ Biocompatible, skin-safe formula
- ▶ Maintains probe integrity

## Specifications

- ▶ Acoustic Efficiency: Optimal sound transmission
- ▶ Sterilisation: Cobalt-60, pH 5.5–8.0
- ▶ Classification: Class Is (EU MDR)

# Our Global Presence

With a growing footprint across Europe, Asia, the Middle East, and Africa, our global presence enables us to deliver advanced prostate biopsy technology and support to diverse healthcare systems. We ensure access to reliable, cost-effective prostate biopsy solutions backed by expert training.
